

6A Hui Sin Man, Mandy

My Dream Job

I want to be a vet when I grow up. I want to be a vet because I like animals. If I became a vet, I will cure sick animals.

I will need to be caring and patient so that I can take care of the sick animals. I will study hard to become a vet. I will also help the animals which get hurt. I can open a hospital for the animals that I can earn a lot of money.

The animals are lovely. We all need to look after them.

Helping Others

Many people need our help. They are the old people, poor children, disable people and the lonely teenagers.

They are facing many problems. The poor children have no father and mothers. The old people have no money. The lonely teenagers boys have no friends.

We can do many things to help the others. We can run a second-hands stall. We can buy the raffle tickets and flags for the poor people.

We raise money for people in need. We go for a charity walk and collect old books and toys. We raise more Money.
